

Howard L. McKee

ECOLOGY RESIDENCY

Residents Receive :

- Uninterrupted time to focus on a research project
- Opportunity to live among fellow residents, a small community of artists, musicians and writers
- A private residence and workspace in a tranquil setting close to the coast, Cascade Head Scenic Research Area, National Forest, Salmon River Estuary, and the Cascade Head and Andrews Experimental Forests

Application
Deadline:
April 18, 2017

To learn more about our
residency program, visit:
www.sitkacenter.org
or call us at
(541) 994-5485.

We offer 3.5 month residencies to scientists and researchers whose work has a basis in environmental or ecological concerns.

Selected applicants receive living accommodations and space to work free of charge at the Sitka Center.

Howard L. McKee was an environmentalist, architect, urban planner and a visionary. The generosity of his family is the cornerstone of Sitka's dedicated ecology residency program.
