The Intern Program at the Sitka Center began in 1993. The intern serves our organization by providing service to the 80+ instructors and 800+ students who attend our workshops offered from mid May to the end of September. The intern lives on site and plays a crucial role in the daily workshop operations by insuring the instructors and students have what they need to enjoy the learning experience. Please see the Intern Responsibilities sheet for a detailed description of the duties.

We make an effort to understand the interests of the intern while at the Sitka Center so we can provide a challenging, as well as rewarding experience. To learn more about us, please visit www.SitkaCenter.org.
